The Library provides e-Resources facility to keep its readers abreast with the latest developments in Engineering & Technology. The Digital Library contains 32 computers. Students and faculties are accessing a huge range of electronic resources to support their studies, research and teaching.

The library provides access to 192 IEEE e-Journals, 445 Springer nature e-journals and 320 Engineering and Technology e-journals through DELNET membership and other E-resources such as,INFLIBNET-NLIST, NPTEL videos, e-PG Pathshala and NDLI-National Digital Library of India database are available. Library has Pearson e Book -Library and INFLIBNET –NLIST e-book facility

Remote Access facility

User can access e-resources from remotely through INFED platform.

- **National Digital Library of India (NDLI) subscription details:**

Dr.Mahalingam College of Engineering and Technology has membership with NDLI - National Digital Library of India it provides different types of digital contents including books, articles, videos, audios, thesis and other educational materials relevant for users from varying educational levels and capabilities.

Ministry of Human Resource Development under its National Mission on Education through Information and Communication Technology has initiated the National Digital Library of india (NDLI) pilot project to develop a framework of a virtual repository of learning resources with a single-window search facility.

NDLI is designed to hold the content of any language. It is being arranged to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular form of access devices and differently-abled learners. It is being developed to help students to prepare for entrance and competitive examination, to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. The pilot project is devising a framework suitable for future scale up with respect to content volume and diversity to become a full-blown National Digital Library of India over time. It is being developed at IIT Kharagpur.

- **Innovation Cell:**

Centre for Innovation Business Incubation and Entrepreneurship was established in the year 2015 with an objective to inculcate innovation driven entrepreneurship among engineering students. Once the students enter into their second year, a questionnaire is administered to discover the career aspirations of the students. This enables CIBIE to identify the students with the interest to become an employer rather than an employee.

CIBIE at regular interval brings successful entrepreneurs to share their experience with the identified students of 2nd, 3rd and Final year to create an awareness. Conduct Idea Pitching Contest among students to come out with innovation based Start-up Ideas that solves an important problem. Students with best ideas are mentored and encouraged to establish a team to transform their ideas to prototype. On successful completion of prototype they become an incubatee at CIBIE.

CIBIE offers common facility to the incubatees such as; Work Space, Conference Room, IT infrastructure and power. The incubatees are also mentored to refine their ideas through validation. The abstract of their ideas are shared with Entrepreneurship Development Forums such as TNSI, Forge Accelerator, Startup Payanam. This gives the students an opportunity to attend 2-3 day workshop on Idea Pitching and Bootcamp and finetune their skills to become a thorough professional.

Extra-Curricular Activities

The Institution offers a good opportunity for the students to come out with their talents in Dance, Music, Art and Mime. Fine arts club organizes various cultural activities to make the students relax, enjoy and balance leisure. Fine arts club has 100 members.

Muthamil Manram was started in the campus to give moral support to the student community for strengthening their interpersonal skills. Speaking in their native language "Tamil" gives them self-confident and to be remember their identity. Muthamil Manram organized various events for school, college students and faculty members. The Institution has a Centenary Centre Auditorium with a capacity of 4000 to conduct cultural and other mega events. Frequent programs are conducted to encourage the student's participation.

- **Soft Skill Development Facilities**

MCET – Career Planning and Guidance (CPG) cell identifies opportunities with the industry for career aspiring students

CPG supports students through the following:

- Placement
- Training
- Language Learning Centre
- CIBIE
- Help desk for Higher Studies
- Support for Competitive exams

SOFT SKILLS TRAINING Facilities & Module

The academic departments and placement cell to promote students with professional attributes paving way for a cake walk interview process. The students are provided with relevant training inputs to orient them to industry needs and other employment / entrepreneurial avenues. The training covers aptitude, soft skills besides domain specific technical skills to facilitate them with essential qualities that design future for their success in placement screening process and all professional endeavors.

TRAINING CELL FACILITIES:

Our institute has provided the following infrastructure facilities for conducting the soft skills training among the students for developing their analytical abilities, communication and technical knowledge for facing the competitive company selections.

- ✓ Five seminar halls with the seating capacity from 100 to 200 students.
- ✓ Ten professional cabins for Mock Interviews and campus drives.
- ✓ Five conference halls for students Group discussions and presentations.
- ✓ 10 Lab facilities for conducting Technical sessions and practical coding.
- ✓ Providing on line IT platforms such as Neo pat and Co-Cubes and Superset.

	Non-Technical training by External training agency	Aptitude, verbal Reasoning, etc., basic programming skills
Training	Technical – domain specific	Java,.net for IT stream students, Embedded for circuit stream students ,Creo, Hyper mesh etc for core students
	Mock-tests – Neo pat, Co-cubes and Super Set Online-platform support	These online platform s supports the students by taking mock test and technical interviews on various company modules.
