Report on Hands-on-Training on LMS (Sprout)

Date: 08.07.2024
Venue : C432, C433
Host : Teaching Learning Centre & E-Governance Cell
Participants: 90 faculty members from various departments

Resource Persons:

1. Ms. N. Sumathi, AP(SS), CSE
2. Ms. C. Devipriya, AP(SS), CSE
3. Ms. D. Janani, AP(SS), IT
4. Ms. S. Soundariya, AP(SS), IT

Introduction

The Hands-on-Training program was organized for faculty members to provide comprehensive instruction on the effective use of the Learning Management System (LMS) Sprout. The sessions emphasized key aspects such as course creation, content management, and student interaction to ensure faculty could leverage the full potential of the LMS for enhanced educational delivery.

Objectives of the Training

- Enhance faculty proficiency in utilizing LMS features to foster interactive and engaging learning environments.
- Maximize the educational impact through efficient digital teaching methodologies.

Description on Training Sessions:

Session 1: Introduction to LMS

The training commenced with an introduction to the LMS platform, highlighting its significance in modern education. The resource persons provided a comprehensive overview of the LMS interface, key features, and the benefits of integrating LMS into the teaching process.
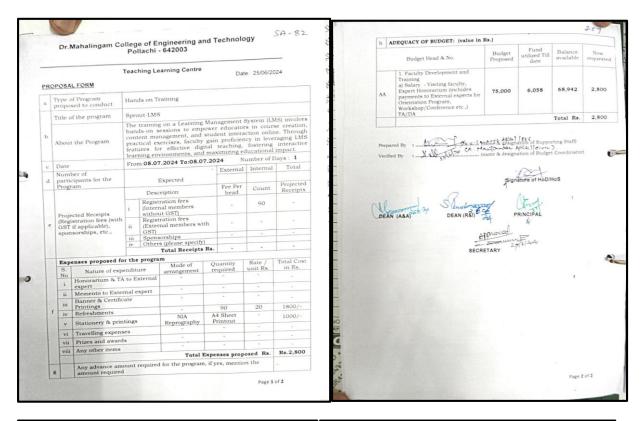

Session 2: Course Creation and Content Management

This session focused on the practical aspects of course creation. Participants were guided through the process of setting up a course, organizing course materials, and managing content. The hands-on exercises enabled faculty to create course modules, upload resources, and utilize multimedia content effectively.
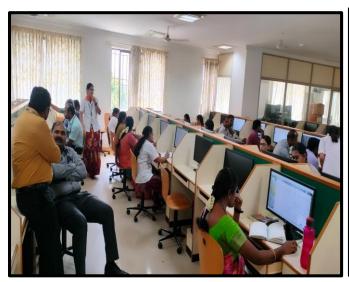

Session 3: Student Interaction and Engagement

Engaging students in an online environment can be challenging. This session addressed these challenges by demonstrating various tools and techniques available within the LMS to facilitate student interaction. The resource persons emphasized the use of quizzes, assignments, and other essential mechanisms to create a dynamic and interactive learning experience.

Session Capture:

Certificate Distribution

Certificates of Appreciation were presented to the resource persons by the administrative team members.

Conclusion

The LMS training program effectively empowered faculty members with the necessary skills to leverage digital tools for teaching. The hands-on sessions and practical exercises ensured that participants can immediately apply what they learned. This training can mark a significant step towards enhancing the digital teaching capabilities of the faculty ultimately benefiting the students through improved learning experiences.
