- Identify relevant journals and conferences for potential publication of research outcomes.
- Outline steps for presenting the proposed research at international or national conferences.
- Address how to align the proposal with granter requirements.

Feedback:

How do you rate quality of the speaker?

21 responses

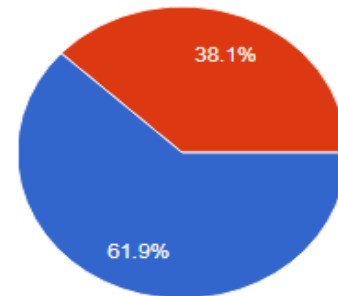

- Excellent
- Good
- Average
- Satisfactory

How do you rate effectiveness of the session

21 responses

- Excellent
- Good
- Average
- Satisfactory

Q & A Session/Interaction:

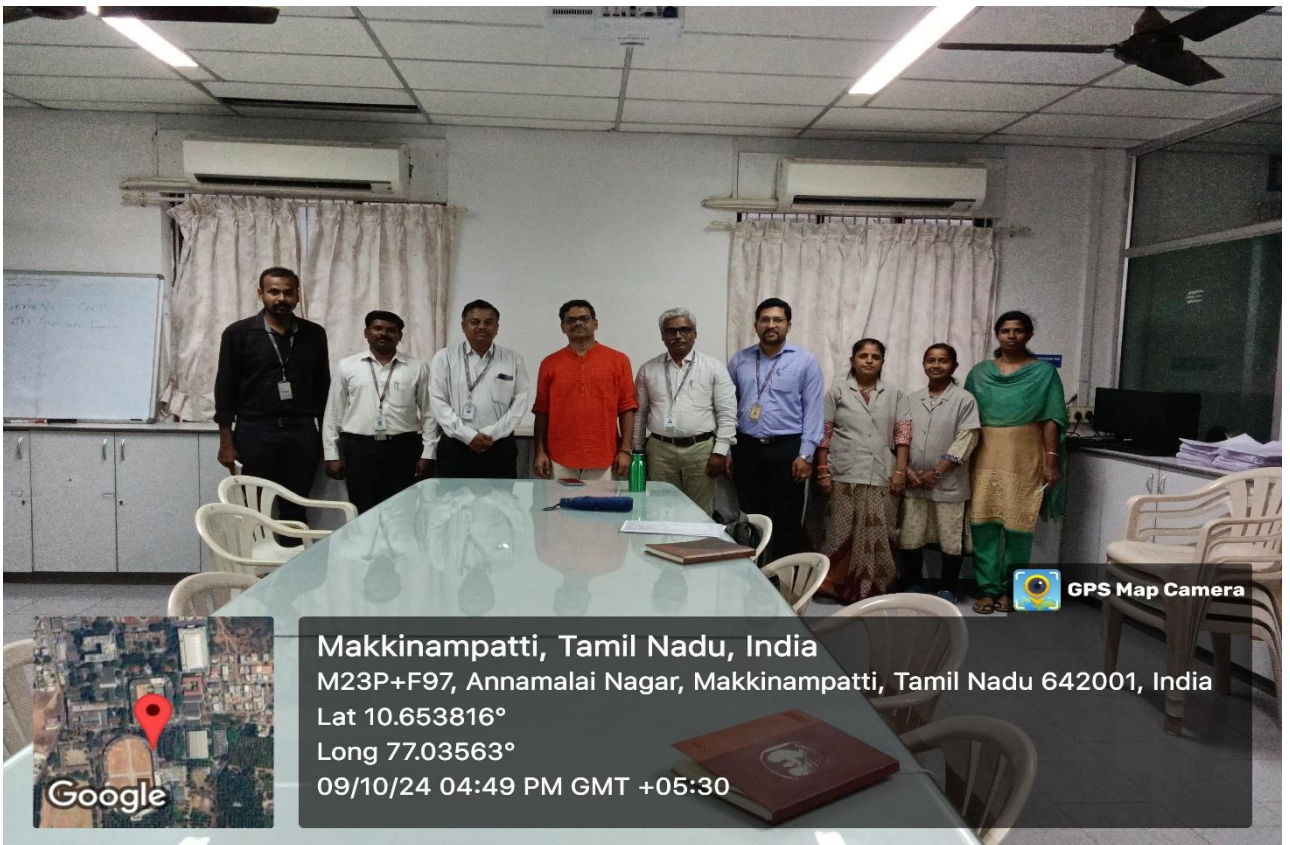

- Discussed review past success rates of similar proposals in the same field.
- Discuss the process and criteria for publishing in peer-reviewed journals.
- Analyze gaps in the current literature that your research will address.
- Justify all costs and ensure they are within the grant's financial scope.
- Identify potential risks and challenges that may arise during the project.
