## NIA Educational Institutions

Thiru. P. Nachimuthu Gounder, a great visionary was an embodiment of hard work, sincerity, truthfulness and perseverance. He desired to impart technical education and training to the youth of Pollachi region, referring the PSG Polytechnic model at Coimbatore. Due to his untimely demise, his illustrious son Arutchelvar Dr. N. Mahalingam, made his father's dream come true by establishing Nachimuthu Polytechnic College (NPTC) in the year 1957 under Nachimuthu Industrial Association (NIA).

The institute started with 120 students intake in Mechanical, Civil and Electrical Engineering departments, offering diploma education, has become one of the foremost aided autonomous polytechnics in Tamil Nadu offering quality technical education. NPTC is the first polytechnic college in the country to receive the Gold category accreditation by Asia Pacific Accreditation Certification Commission (APACC). Another jewel in the crown of NIA campus is the unique Collaborative Education Programme both at Diploma and Degree level with TVS Motors Company, since 2008.

The campus celebrating its Diamond Jubilee year, has been the birthplace of several institutions viz:

Sakthi Polytechnic College established in this campus in the year 1981, ran for three years and later shifted to its permanent campus in Nachimuthupuram, Sakthi Nagar, Bhavani, near Erode.

In commemoration of the silver jubilee year in 1983, Kumaraguru College of Technology was started in the year 1984. The college, which ran for 6 years in this campus, later shifted to Saravanampatti, Coimbatore.

Arutchelvar, a Gandhian, strongly believed in Gandhiji's philosophy that promoted learning to financially support one's own education. Hence, in 1995 established Palani Gounder Higher Secondary School, a standalone higher secondary vocational school.

In the year 1998, commemorating the 75th birth year of Arutchelvar and 4 decades of rendering technical education through NPTC, Dr. Mahalingam College of Engineering and Technology (MCET) was established.

To commemorate the golden jubilee in the year 2007, the campus witnessed the establishment of Vanavarayar Institute of Agriculture. The college is situated 20 km away from Pollachi in a sprawling 250 acres of land.

This campus also has three technical conglomerates ABT info.net, Caresoft Global and ABT Maruti which supports the students to have industry exposure and training. NIA also has 18 centres of excellence established in collaboration with various industries.

The campus has also conducted three international conferences on Renewable Energy and Sustainable Environment in 2015, 2017 and 2019. As a culmination of which the campus has been proclaimed as green campus, by stopping the use of plastic water bottles, launching urban forestry, powering street luminaires with solar power generation, supplying hot water to hostels through bio-gas plants, etc.

At present, NIA Educational Institutions consisting of 3 Higher Education Institutions, 3 Higher Secondary Schools, 3 Nursery and Primary Schools, spread across 4 campuses in Pollachi comprising of 12000 students and 1000 staff is continuing to offer the best education service to the society, standing above all in its values, discipline and principles and making the dream come true for many youth, with the blessings of Arutchelvar Ayya, who still lives in the minds of many as an inspiration Jyothi.

## VISION

“We develop globally competitive workforce and entrepreneurs”

## MISSION

Dr. Mahalingam College of Engineering and Technology, Pollachi endeavors to impart high quality, competency based technical education in engineering and technology to the younger generation with the required skills and abilities to face the challenging needs of the industry around the globe. This institution is also striving hard to attain a unique status in the international level by means of infrastructure, state-of-the-art computer facilities and techniques.

## QUALITY POLICY

MCET is committed to impart high quality, competency based education in engineering and technology to the youth and members of the community with the required skills and ability to face the challenging needs of the industry around the globe with continual improvement in academic, co-curricular and extra-curricular activities and upgradation of faculty and facilities.

## About the Handbook

Hearty congratulations to all of you, the 23<sup>rd</sup> batch of students who have started engineering education at Dr. Mahalingam College of Engineering and Technology. MCET was founded by the great visionary, Arutchelvar. Dr. N. Mahalingam in 1998, as a member of the NIA Educational Institutions under Sakthi Group. MCET has developed into one of the premier Engineering Educational Institutions in India. As on today, MCET has been awarded the highest A++ grade by NAAC, the accrediting institution. Our college is one among the 5 colleges to receive that distinction in India. MCET has made the students' life easier and meaningful through its state of the art infrastructure, qualified faculty members, industry relevant curriculum and student friendly environment. It has many additional facilities and centres of excellence staffed by highly qualified people, available inside the campus in order to guide, counsel and help you.

You will have enough opportunities and challenges throughout this academic year. Remember that there is always more than one way of doing things and there is always more than one person to help you. Help is available in many forms all over the campus. You can get help for the technical subjects from teaching faculty members, languages from Language Learning Centre, soft skills and aptitude training from CPG, extra and co-curricular activities from clubs, additional information and references from library, certificate courses from centres of excellence, personal counselling from Wellness section etc. Your success in the campus depends on the efforts you take to get guidance and help.

This handbook will act as your real time companion while you are in the campus. It will help you learn about the facilities, people and programmes that are available in the campus for you to enrich your knowledge, skills and personality. You will have the opportunity to identify your true self and enhance your skills using the opportunities, facilities and guidance available for you inside the campus. This handbook has enough information that would come in handy when you need to know or cross check any information that you receive from others. Knowing what you have, what you should do and how you should do inside the campus will definitely strengthen you and boost your morale.

MCET wishes you a fruitful and happy time in the next four years while you are transitioning from a high school student to a role ready engineer to build the state and the country.

## FOUNDER - CHAIRMAN

### Arutchelvar Dr. N. MAHALINGAM, B.Sc., F.I.E.

Arutchelvar Dr.N.Mahalingam founded Dr. Mahalingam College of Engineering and Technology in 1998. A legendary Gandhian by principle, a patriotic and proud son of the soil, he is a man of pious living. An

agriculturist by birth, he graduated to be an Engineer and Technologist. Through his persistent endeavour, he rose to become a genius in planning and execution, eventually to be hailed as an Industrialist and Pioneer of modern sugar industry. He is lauded and remembered for his indelible contributions in the field of education, transportation, religion, literature, history, rural development, music, Tamil language and sports.

He obtained Bachelor degree in Science from Loyola College and B.E Mechanical engineering from College of Engineering, Chennai. He was a member of the Tamil Nadu Legislative Assembly for 15 years (1952 to 1967) and played a key role in bringing numerous development projects, including the Parambikulam - Aliyar Project that helps irrigate the agriculture lands in Pollachi region.

With the vision of educating the rural mass of Kongu region, he founded many educational institutions, that cater to the educational needs of the society for the past six decades. The birth of NIA in 1957 was the foundation of his concern and commitment to provide knowledge and to act

as an enabler for progression and today this commitment stands tall with about 20,000 students in all Sakthi group of Institutions.

As an industrialist he has held several important positions and has played major roles fostering the development of agricultural, industrial, human resource and institutional development at the State and National levels. His social and humanitarian considerations took his journey beyond the boundaries of industries and scholarly tenets he nurtured. Right from his young age, NM, as he is affectionately known to all, has been inspired by the life and aspirations of Mahatma Gandhiji and St.Vallalar. He had been instrumental in the revival and spiritual regeneration of Tamil literature.

His exemplary social contributions in numerous fields of socio-economic spectrum have benefitted scores of institutions and individuals inspired by him during his long career. The Government of India duly recognized his meritorious deeds and honoured him with the prestigious civilian award - PADMA BHUSHAN in 2007. In recognition of his outstanding contributions to various fields of development, he was awarded the degree of 'Doctor of Laws' by Bharathiyar University, Coimbatore, and the much honoured 'Doctor of Sciences' by Anna University, Agriculture University and Madurai Kamarajar University.

## CHAIRMAN

**Dr. M. MANICKAM**, M.Sc., M.B.A.

Dr. M. Manickam is an industrialist, educationalist, outstanding administrator and a dynamic leader with progressive vision to make the institutions world class.

He is the Chairman of NIA Educational Institutions, Chairman and Managing Director of Sakthi Sugars Limited, Chairman and Managing Director of Sakthi Auto Components Limited. He joined his visionary father Dr. N. Mahalingam, an industrialist and philanthropist, in the business and very soon changed his father's ambitions into reality.

He has an M.B.A from the University of Michigan, United States and M.Sc. (Statistics) from the University of Madras. Standing true to his elders Thiru.P. Nachimuthu Gounder and Arutchelvar Dr. N. Mahalingam, he has strived hard to take

the Sakthi group into the next orbit, going global.

Dr. Manickam has been instrumental in developing and expanding the ABT Group to a \$1 billion conglomerate, through several advancements and acquisitions. The ABT Group has successfully expanded its businesses into Sugars, Soya, Textiles, Auto Components, Education and Finance, making its global presence in over 6 countries.

In recognition of his outstanding contributions in the Management of Agro Processing Industries and Agricultural Development, an Honorary Degree of Doctor of Science was conferred upon him by Tamilnadu Agricultural University (TNAU), Coimbatore, in July, 2010. As the Correspondent of Kasturba Gandhi Oral School, he takes fervent interest in facilitating better education to the hearing impaired children.

## CORRESPONDENT

### **Shri. M. HARI HARA SUDHAN, B.E., M.S.**

Mr. M. Hari Hara Sudhan, benevolent son of Dr. M. Manickam, Chairman, ABT/Sakthi Group is a budding industrialist. He pursued B.E. Mechanical Engineering from PSG College of Technology,

Coimbatore and Master's Degree in Automotive Engineering at University of Bath, United Kingdom.

After completing his Post Graduation, he initiated his career as a Component Engineer at Ford Motor Company, Dunton, UK in 2008 and worked in multinational auto manufacturing company for

two years. He was inducted in the family business as Executive Director of ABT Limited, the parent company of Sakthi Group, in 2011. Being a Tech Savvy, he is implementing various innovative measures in the fields of logistics and automobile marketing to meet the emerging challenges.

He has been the Correspondent of Dr. Mahalingam College of Engineering and Technology since November' 2012 and the Director of Sakthi Auto Component Limited and ABT Industries Limited. He pioneered the trail blazing concept of tablet based learning with the launch of Geek Dino tablets to MCETians.

## SECRETARY

### **Dr. C. RAMASWAMY, M.E., Ph.D., F.I.V.**

Dr. C. Ramaswamy is the Secretary of NIA Educational Institutions. He has been associated with NIA for more than five decades in providing high quality education to thousands of students.

He was the Principal of Nachimuthu Polytechnic College, from 1994 to 2000. He was instrumental in the development of the college in all aspects and he was also the Founder Principal of Dr. Mahalingam College of Engineering and Technology. He has been the Secretary of NIA Institutions since 2000.

With a strong determination and active involvement, Dr. C. Ramaswamy helps the NIA institutions to achieve academic excellence. He has created an indelible page in the golden history of NIA institutions, in creating infrastructure, promoting partnerships with institutions and corporate in India and abroad.

An experienced educationist and administrator, Dr. C. Ramaswamy has played a dominant role in the growth and development of the NIA institutions.

He obtained his doctorate from University of Madras for his research on Industry Institute Collaborative Model in the year 2017.

## PRINCIPAL

**Dr. A. RATHINAVELU**, B.E., M.Tech., Ph.D.

Dr.A.Rathinavelu obtained his doctorate from NIT, Trichy. He completed his Master of Technology degree in Edith Cowan University, Perth and Bachelor of Engineering at IRTT. He has 6 years of Industry experience and more than 21 years of Engineering College teaching experience.

He is working in MCET since 1999 in various capacities. He was heading the Computer Science and Engineering Department from 1999 till August 2017 and has guided it for NBA Accreditation thrice. He is heading the institution from 2017. He is guiding IT Infrastructure Management & HR Practices for many years in the college. He has coordinated the NBA & NAAC Accreditation process of the college as well as the UGC Autonomous Process since 2010.

Dr.A.Rathinavelu has been recognized by UGC and NBA as an expert member for granting autonomous status and accreditation to other colleges. He has visited countries

like Australia, Canada, USA, Italy and Singapore for education and training activities. Dr.A.Rathinavelu has initiated several Industry connect initiatives including establishment of Apple Distinguished School, Microsoft Innovation Centre, CISCO Regional Academy and Infosys Campus Connect. He has been invited by Microsoft to share his experience in their Indian & US summits. He has been awarded by CISCO for his outstanding contribution in CISCO Regional Academy and also recognized as Best SPOC by Infosys.

Dr. A. Rathinavelu has published several research articles and his work in the area of Human Computer Interaction has been recognized in reputed International Universities. He is a recognized Research supervisor in the Department of CSE under Faculty of Information and Communication Engineering at Anna University, Chennai. He has guided two Ph.D scholars. He is a Life-Time Member in Computer Society of India & ISTE and member of ACM.

## **AUTONOMOUS SYSTEM**

Dr. Mahalingam College of Engineering and Technology (MCET) is one of the premier institutions granted autonomous status by University Grants Commission (UGC) during the academic year 2011-2012. Autonomous status at MCET has enabled the institution to:

- ◆ Design and prescribe its own courses of study and syllabi
- ◆ Restructure and redesign the courses
- ◆ Cater to specific needs of key stakeholders
- ◆ Practice novel methods of teaching and learning
- ◆ Use modern tools of educational technology
- ◆ Assess performance of students through outcome attainments
- ◆ Promote extension activities
- ◆ Carry out projects for the benefit of the society

The curriculum and syllabus for all the programmes are designed and developed by the respective Board of Studies with representation of all the key stakeholders with due consideration for the stakeholder requirements, statutory mandates, benchmarks and vision of the departments. The curriculum and syllabus thus designed is approved by the Academic Council with experts drawn from the governing council, affiliating university and key stakeholders such as the faculty members, students and alumni.

The programmes consist of courses such as technical skills courses, professional skills courses, one credit courses and projects, further classified into various categories. The programmes also ensure sufficient industry exposure to the students. The institution has implemented Choice Based Credit System (CBCS) for all UG programmes. The institution has adopted Outcome Based Education (OBE) model in the design, delivery and assessment of programmes and courses. Assessments and evaluation are carried out in all programmes through a Continuous Comprehensive Evaluation (CCE) system.

## **OUTCOME BASED EDUCATION**

Outcome Based Education (OBE) is strongly promoted by AICTE after India becoming a signatory to the Washington Accord. It aims to create students with problem-solving abilities, passion for learning and creative thinking. The OBE model develops engineers with graduate engineering attributes. The Programme Outcomes (POs) and Programme Specific Outcomes (PSOs) articulate the graduate attributes of each programme.

Realizing the need for transformation in the engineering educational system, MCET started to collaborate with industries, institutions and other experts to develop programmes and courses in the OBE model since 2014, leveraging the autonomous status. MCET also has inducted adjunct faculty with vast industrial experience to add value to the model. The OBE system at MCET is

constantly improvised to keep pace with the changing needs of various stakeholders of the educational system.

Students get to experience teaching learning methods and activities which are outcome based, thereby enhancing their learning experience and its quality. With concentrated efforts of all the stakeholders in the engineering education through OBE model, role ready engineers with strong technical skills and right set of professional skills are being produced through this model.

### **CHOICE BASED CREDIT SYSTEM (CBCS)**

University Grants Commission has come up with the Choice Based Credit System (CBCS) programme in which students have an option to choose from the prescribed courses that are referred as basic sciences, engineering sciences, core and elective courses. They can learn at their own pace and the entire assessment is grade-based on a credit system. The fundamental idea is to fulfill the needs of the students so as to keep them up-to-date with the development of higher education in India and abroad. CBCS aims to redefine the curriculum keeping pace with the liberalisation and globalisation in education.

Choice Based Credit System (CBCS) is introduced in MCET from the academic year 2016-17. The salient features are given below:

- ★ Each student, on admission shall be assigned to a Class Coordinator who shall advise and counsel the student about the details of the academic programme and the choice of courses considering the student's academic background and career objectives.
- ★ A course shall be offered by a department only if a minimum of ten students register for that course. Special permission has to be obtained from the Principal to offer a course for less than ten students.
- ★ After registering for a course, the student shall attend the classes, satisfy the attendance requirements, earn Continuous Assessment marks and appear for the End Semester Examinations.
- ★ From III to VII semesters, the student has the option of registering additional courses (after meeting the pre-requisite if any, provided the student has a minimum CGPA of 7.5) or dropping existing courses (except Project work, PS and OCC) with due approval from the Principal through the Head of the Department. Total number of credits of such courses cannot exceed 8 per semester.
- ★ A student is ordinarily expected to complete the B.E. / B.Tech. Programme in 8 semesters (four academic years) but in any case not more than 14 Semesters for HSC (or equivalent) students and not more than 12 semesters for lateral entry students.
- ★ Students have to choose electives from a pool of electives broadly grouped into open electives (offered across programmes) and professional electives (specific to the domains in the programme).
- ★ The students who have admitted in both UG and PG programmes in the academic year 2019-20 are coming under CBCS Regulations 2019.

## CENTERS OF EXCELLENCE

MCET has continually improved its learning spaces to match the technological advancements. MCET has established series of unique learning spaces called Centers of Excellence (CoEs) in emerging areas of engineering and technology by joining hands with leading industries. These CoEs have modern state of the art equipment/software/workstations. Faculty members who are sufficiently trained by the concerned industries act as center in-charges. The CoEs have been established to;

- Build skills of students and faculty in emerging technologies
- Carry out research in niche areas of engineering and technology
- Offer project based learning as part of the curriculum
- Deliver one credit courses as part of the curriculum
- Conduct short term training programmes for various types of audience

# TRAINING AND PLACEMENT

Training the students to:

Upgrade their skills in line with industry expectations.

Appear for GATE and other competitive examinations.

Crack Civil Services Examination.

Become entrepreneurs through CIBIE.

## OUR PLACEMENT PARTNERS

Cells under CPG	Area of Focus
<b>Placement</b>	The Placement cell acts as the Nodal point for connecting the students with prospective employers. This is achieved through constant interaction with employers from different industries. It also remains in contact with the alumni working in different industries and invites them for regular student interaction to boost their morale and employment preparedness.
<b>Training &amp; Talent development</b>	The training cell works in close coordination with the academic departments, placement cell and value added education division. The training covers aptitude, soft skills besides domain specific technical skills.
<b>Higher Education and Competitive Exam</b>	It is an irrefutable fact that overseas education enhances the outlook of students and prepare them to become a global citizens. MCET has established lasting partnerships with reputed overseas higher educational institutions. CPG conducts awareness programmes to students on higher studies opportunities in India and abroad, besides tying up with GATE forum, T.I.M.Es etc., to start coaching centres in the campus. Counselling centres to guide students on higher studies abroad have been set up in the campus.
<b>CIBIE</b>	CIBIE caters to the need of entrepreneurial students by creating awareness, kindle spirit of innovation, develop a nodal centre for designing and fabricating proto types and provide market consultancy / incubation facility to nurture ideas to products

### **NIA- Centre of Language Proficiency (NIA- CLP)**

MCET has partnered with Cambridge Assessment English and established a centre named NIA- Centre of Language Proficiency (NIA- CLP) in the year 2019. The motto of the centre is to help the rural youth catch up with their peer groups in urban location through English Language Skills.

The centre offers training and conducts following exams:

- ◆ Business English Certificate (BEC) Preliminary
- ◆ BEC Vantage
- ◆ BEC Higher
- ◆ Young Learner's English (YLE)
- ◆ Preliminary English Test for schools (PET)
- ◆ Key English Test for schools (KET).

# **STUDENTS CODE OF CONDUCT**

## STUDENT RIGHTS AND RESPONSIBILITIES

### Statement of Policy

All MCET students are expected to understand and comply with the college policies, specifically, the rights and responsibilities set forth in this document.

### Preamble:

MCET promotes an environment that protects freedom of its students to learn to their fullest potential. The college is committed to the principle that it's the students' duty to respect each other and promote a professional environment in which the educational mission of the college can be freely pursued to the greatest degree possible.

Every student should constantly strive to improve his or her knowledge, skills, understandings and perspectives through lifelong learning. Honesty, integrity and respect in all interactions with the fellow students, teaching, non-teaching, office staff, and other college employees are the essential academic attributes which are necessary to promote success. Therefore, a student should commit to the mission, ideals, ethics and standards of the institution, when he / she registers to seek admission.

### Student Rights:

Students are entitled to equality and fairness in all dealings with respect to college policies.

All the students have equal right of access to the services of the college, in accordance with the college policies. They have the right to:

- Access information regarding the general qualifications and requirements for establishing and maintaining academic standing within a particular program and at all levels within the college.
- Access the course and examination learning outcomes, requirements, and grading policies set by the college.
- Access the graduation and / or completion requirements for their program.
- Assure the privacy and confidentiality of their education records and other personal information.
- Appeal any disciplinary action in accordance with the established college policies.

## **Student Responsibilities:**

### **Students**

- should treat other students, faculty members, staff and several / varied agents of the college with mutual respect and dignity.
- should not harass others verbally, psychologically, sexually or in any other form. Ragging is a national crime and punishable according to the laws of the land.
- are expected to participate actively in the counselling process, demonstrating that they are progressing satisfactorily in their degree programs.
- are expected to abide by the current policies of the college and administrative processes as stated in the Student Code of Conduct.
- should have the responsibility to uphold and obey all central, state and local laws
- must possess the responsibility to keep the college informed of any changes in name, postal address, email address, telephone number and other personal data required by the college.
- should possess the responsibility to meet their financial obligations to the college on time.
- are expected to keep themselves informed about the content of all notices concerning the changes, happenings, news and information periodically posted/displayed on the college web site and notice board.
- must have the responsibility to participate in assessments that may be required during the period of their course. These tests may be in addition to the regular course work and are required to gather critical information on achievement of student learning. Students are expected to actively participate and make every effort to do their best in these assessments to produce scores that would accurately reflect their abilities. The results from these assessments will not be a part of the course or examination grade but are crucial for the purpose of program improvement and are frequently required by regulators and accreditation agencies. Participation in these assessments contributes toward increasing the value of the degree by providing evidence of student learning to external organizations, employers and the general public.
- should get their character and conduct certificate as good only if they meet the above Code of Conduct without any infraction during their course of study.

**CODE OF CONDUCT**

## **26. Providing False Information**

No student shall knowingly provide false testimony in any college investigation or proceeding. No student shall knowingly provide false information to a college official or show reckless disregard for the truth.

## **27. Public Laws**

Any act by a student that constitutes a charge of a violation of Government law, occurring either on or off campus, may establish cause for legal and/or disciplinary action by the college.

## **28. Distribution or Sale of Literature**

Distribution or sale of literature on the campus must be approved by the Secretary.

## **29. Use of Vehicles**

- Students riding two wheelers should wear their helmets compulsorily, and the vehicle should have valid documents (Registration certificate, insurance etc.)
- Students should possess a driving license for the vehicle being driven and shall avoid borrowing vehicles. The vehicle pass cum identity card must be possessed by every student.
- Motorized vehicles are prohibited in areas other than designated roadways and parking lots.

## **30. Parking**

Two wheelers are allowed to be parked inside the campus at designated places. Parking of four wheelers is not allowed inside the campus.

Students must comply with the above parking regulations. Failure to do so will lose the parking privilege inside the campus.

## **31. On-Campus Activities and Events**

On-campus activities and events shall be conducted only in areas designated by the college authorities and subjected to any limitations and provisions established.

## **32. Residing outside the campus**

Hostellers must obtain written permission from HoD/Principal/ Warden to reside temporarily or permanently outside the campus. Under such conditions, the students must provide their full residential address with contact numbers and contact details of the person to the HoD.

## **33. Recognition of Student Groups (Clubs)**

In order to be classified as a student organization or clubs, recognition procedures must be met and approved by the Principal.

## **Violation of code of conduct**

If any staff, faculty or students who believe that a student has not adhered to the above stipulated student code of conduct, can bring the matter to the Principal. Principal or a member designated by Principal will investigate the alleged violation, and determine the action, if any, to be taken. When there is an evidence that a student has violated the code of conduct, the student will be notified of the nature of the alleged violation and the action that the college proposes to take. However, services to the student may be suspended during this period.

## **Disciplinary Actions**

In response to alleged violations of the code of conduct, the college reserves the right to take any or all of the following actions:

- Bar the student from enrolling in the college or registering for a course or examination.
- Avoid the examinations as per the academic policy of the college/ University.
- Suspend or terminate selected college services that were previously available to the student.
