About Byte Bulletin

ByteBulletin proudly presents a vibrant showcase of our department's milestones, capturing the spirit of learning, innovation, and excellence that defines our academic community. This edition highlights the enthusiastic participation of students in various co-curricular and extracurricular activities, along with their accomplishments in prestigious online courses and NPTEL certifications that reflect their commitment to continuous learning. The newsletter also celebrates the remarkable achievements of our dedicated faculty, whose contributions inspire academic growth and professional development. In addition, it features a comprehensive overview of department events, workshops, and initiatives, as well as notable student achievements and winners across diverse domains. ByteBulletin stands as a testament to our collective efforts, talent, and pursuit of excellence, offering readers an inspiring glimpse into the dynamic activities shaping our department.

VISION OF THE DEPARTMENT

To develop engineers with global employability, capability, research focus and social responsibility.

MISSION OF THE DEPARTMENT

- To develop internationally competent engineers in dynamic IT field by providing state-of-art academic environment and industry driven curriculum.
- To motivate and guide students to take up higher studies and establish entrepreneurial ventures.
- To enrich the department through committed and technically sound faculty team with research focus in thrust areas.
- To undertake societal problems and provide solutions through technical innovations and projects in association with the industry, society and professional bodies.

PROGRAMME EDUCATIONAL OBJECTIVES

PEO 1 : Domain Expertise - Possess expertise and emerge as key players in IT integrated domains.

PEO 2 : Computing Skills and Ethics - Employ computing skills to solve societal and environmental issues in an ethical manner.

PEO 3 : Lifelong Learning and Research - Involve in lifelong learning and research to meet the demands of global technology.

Programme Outcomes (POs)

PO1.Engineering Knowledge : Apply the knowledge of mathematics, science, engineering fundamentals and concepts of Computer Science to solve complex engineering problems.

PO2.Problem Analysis : Identify, review literature, formulate and analyse complex engineering problems using first principles of mathematics and engineering sciences.

PO3.Design and Development of Solutions : Design and develop computing solutions for complex engineering problems with societal and environmental awareness.

PO4.Complex problem Investigation : Investigate complex problems by employing research methods to arrive at valid conclusions.

PO5.Modern Tool Usage : Evaluate and use appropriate tools and techniques in engineering activities .

PO6.Societal contribution : Follow professional engineering practice by applying contextual knowledge to assess societal and legal issues.

PO7.Environment and Sustainability : Understand and provide professional engineering solutions taking into consideration environmental and economic sustainability.

PO8.Ethics : Follow ethical principles and norms in engineering practice.

PO9.Individual and Team work : Function effectively as an individual, team member or leader in diversified environments.

PO10.Communication : Communicate effectively through various modes for all engineering activities.

PO11.Project Management and Finance : Apply Engineering knowledge and management principles for effective project management in multidisciplinary environments.

PO12.Life-long Learning : Engage in independent life-long learning and skill development for professional and social well being.

Programme Specific Outcomes (PSOs)

PSO1. Systems Engineering: Employ software engineering principles in the design and development of efficient systems.

PSO2. Knowledge Engineering: Apply data analytics techniques for solving real world problems.

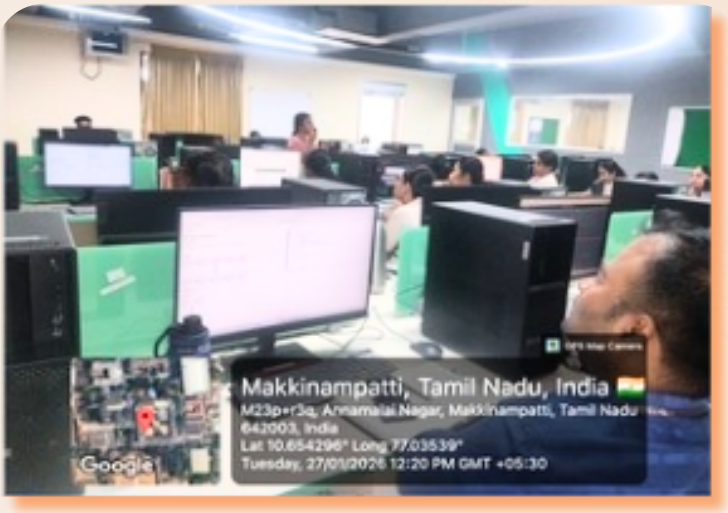

DEPARTMENT ACTIVITIES

BYTE BULLETIN

DEPARTMENT ACTIVITIES

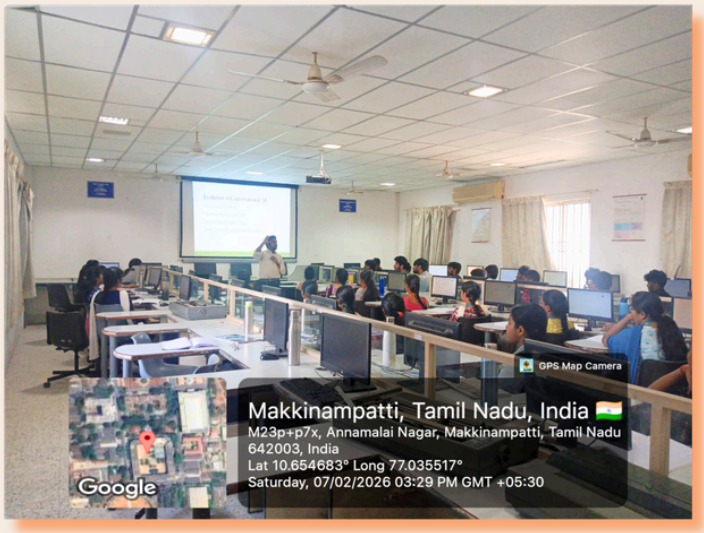

01) The Department of Computer Science and Engineering, in association with the Career Planning and Guidance Cell, conducted a Six-Days Faculty Skill Enhancement Programme on **"Data Structures and Algorithms for Problem Solving"** from **23.01.2026 to 29.01.2026.** The programme was attended by first-year Data Structure faculty members and focused on complexity analysis, problem-solving strategies, and hands-on algorithm implementation. It enhanced participants' conceptual clarity and practical skills, enabling them to effectively integrate industry-relevant DSA concepts into teaching, research, and competitive coding platforms like LeetCode.

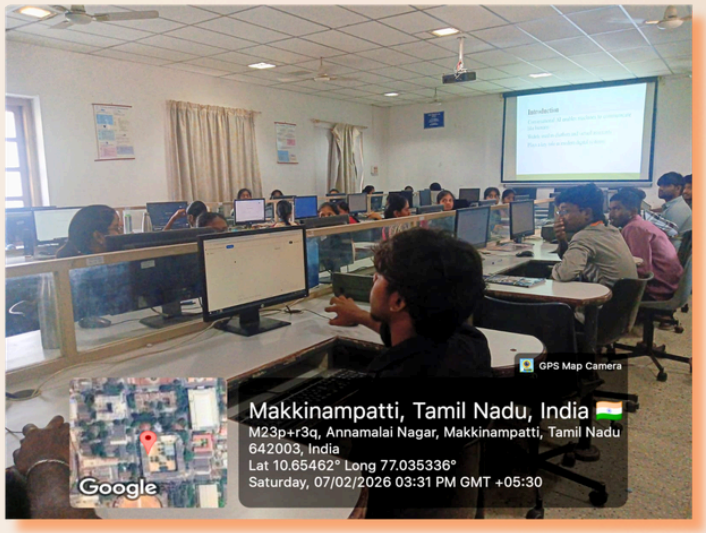

02) The Department of Computer Science and Engineering of Dr. Mahalingam College of Engineering and Technology, in association with the DIGIFLASH – CSE Department Association, organized an AI Tools Tutorial Series on **"ChatGPT – Exploring Intelligent Conversational AI."** The session was delivered by Mr. K. Prabhu, Assistant Professor (SS), CSE, who explained the features and applications of ChatGPT. The program enhanced participants' understanding of conversational AI and its practical applications.

03) The Department of Computer Science and Engineering, in association with the DIGIFLASH – CSE Department Association and ISTE Student's Chapter, organized a Hands-on Workshop on **"DevOps Tools and Practices."** The session was led by Mr. Siva Sankaran N V, AWS Administrator and Trainer from Devo Infotech, Tiruchirappalli. The workshop provided participants with practical knowledge of DevOps tools, industry practices, and real-time workflows, enhancing their technical and professional skills.

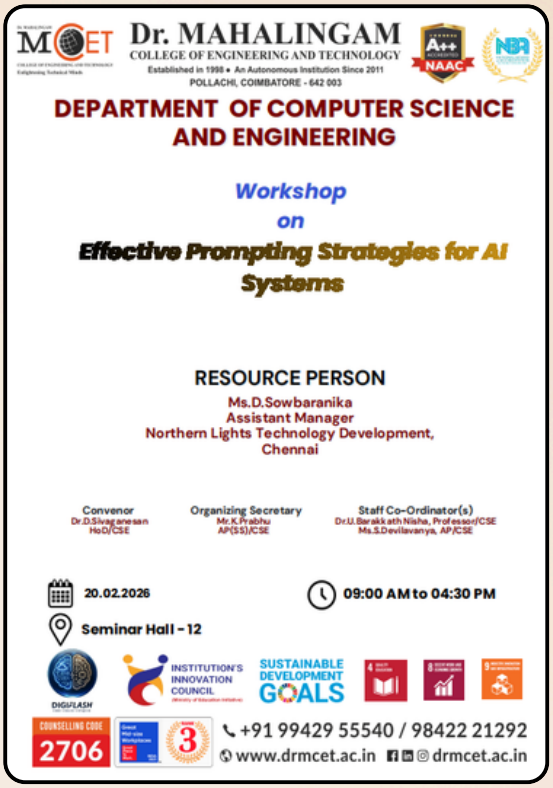

04) The Department of Computer Science and Engineering organized a Workshop on **"Effective Prompting Strategies for AI Systems"** on 20th February 2026 at Seminar Hall-12. The session was led by Ms. D. Sowbaranika, Assistant Manager, Northern Lights Technology Development, Chennai, who shared insights on prompt engineering techniques and AI applications. The workshop enhanced participants' understanding of effective prompting and practical AI usage.

05) The Department of Computer Science and Engineering, in association with the MCET Institution's Innovation Council, organized a workshop on "**Design Thinking, Critical Thinking and Innovation Design for Innovators and Entrepreneurs.**" The session was delivered by Ms. Sharmila Jagadeesan, Entrepreneur and Chief Operating Officer, Prashanth Recruitment Services, Coimbatore, on 28 February 2026 at Seminar Hall-12. The workshop provided valuable insights into creative problem-solving, innovation frameworks, and entrepreneurial thinking. Participants gained practical knowledge on applying design thinking methodologies to develop innovative solutions. The event significantly contributed to enhancing the innovation mindset and critical thinking skills of the participants.

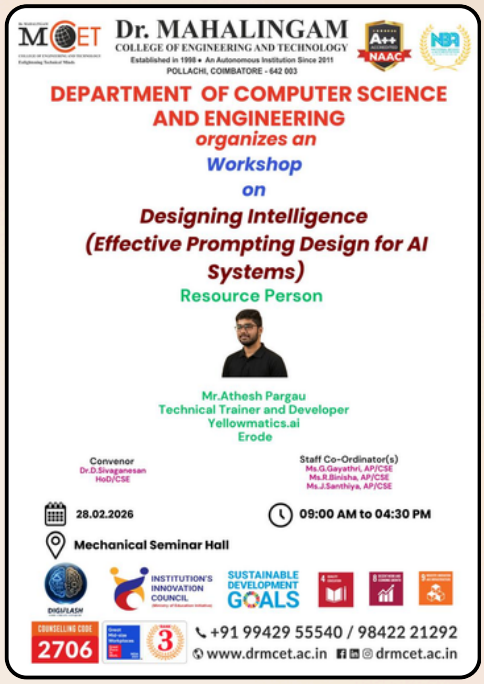

06) The Department of Computer Science and Engineering organized a workshop on **"Designing Intelligence (Effective Prompting Design for AI Systems)"** on 28 February 2026 at the Mechanical Seminar Hall. The session was delivered by Mr. Athesh Pargau, Technical Trainer and Developer at Yellowmatics.ai, Erode. The workshop focused on effective prompt engineering techniques and practical strategies for interacting with AI systems. Participants gained insights into designing structured prompts to improve AI responses and productivity. The program enhanced students' understanding of emerging AI technologies and their real-world applications.

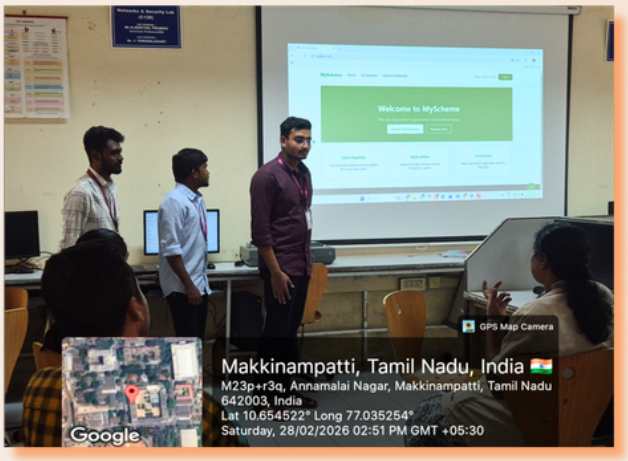

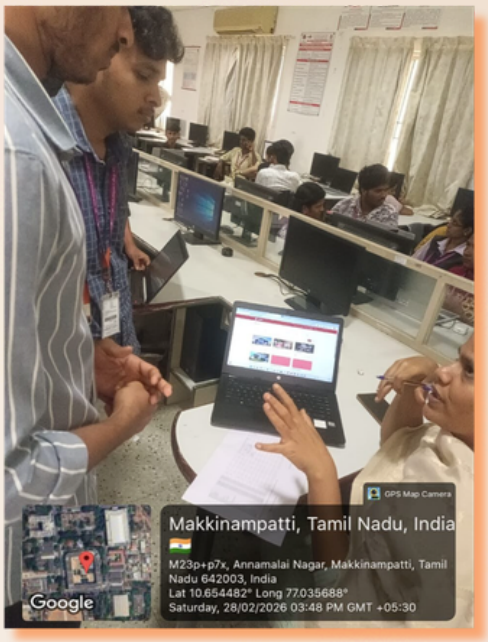

07) The Department of Computer Science and Engineering, in association with DIGIFLASH, organized the **Innovation Analysis Forum (Reverse Engineering Project Showcase Day)** on 28.02.2026 for III Year CSE students. The event encouraged students to analyze and deconstruct existing systems, enhancing their understanding of system design. It provided a platform to present projects, improving problem-solving, critical thinking, and practical skills while promoting innovation and teamwork.

08) The Department of Computer Science and Engineering at Dr. Mahalingam College of Engineering and Technology conducted a five-day Faculty Development Programme on **"Generative Artificial Intelligence for Teaching, Research and Innovation"** from 09.03.2026 to 13.03.2026, with 45 participants. The programme provided comprehensive knowledge on AI fundamentals, generative AI models, prompt engineering, and large language models through expert lectures and hands-on sessions. It emphasized practical applications of AI in teaching, including lesson planning, content creation, and assessment design, along with exposure to tools for text, image, and code generation.

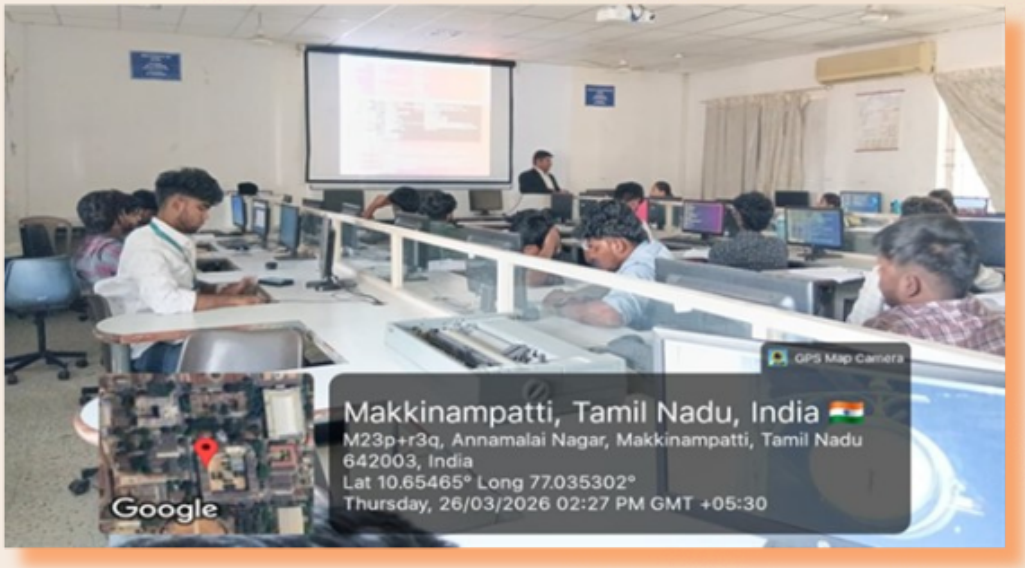

09) Department of CSE & Digiflash Student Association organized an Guest Lecture on **"Artificial Intelligence in Healthcare"** for III Year CSE Students on 23.03.2026. Ms.Dhiventhra Subhandar , Academic Success & Partnership Advisor, Adda Education

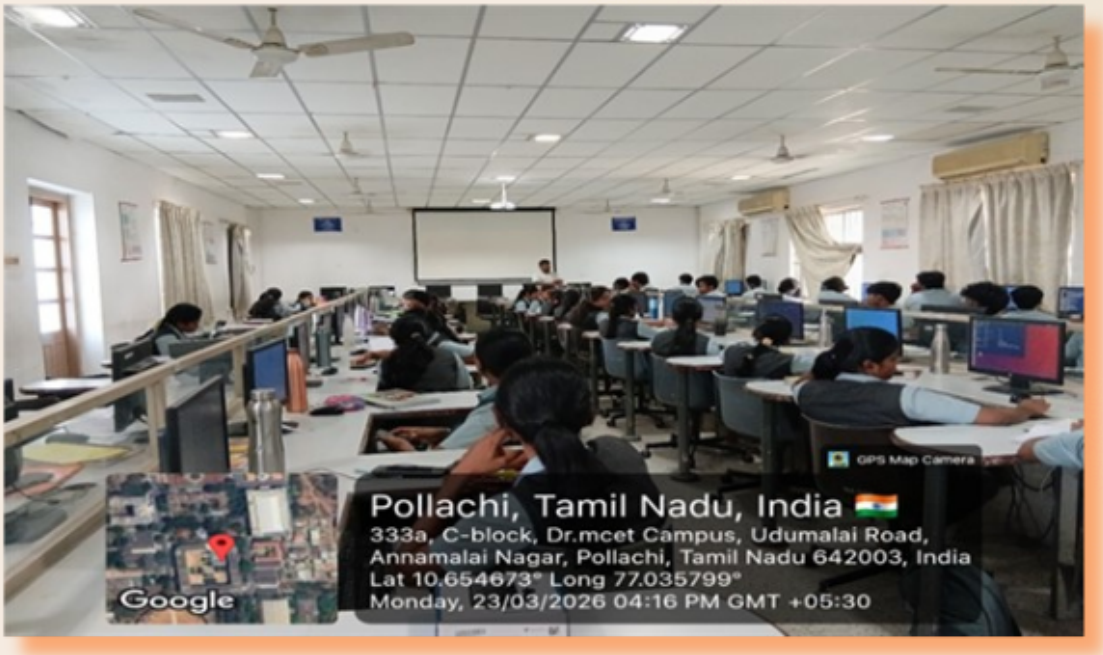

10) The Department of Computer Science and Engineering organized a **Knowledge Sharing Session on "23CST401–Operating Systems"** on March 23rd, 24th, and 26th, 2026. Mr. K. Boopathi Kumar, CEO, Training Trains Software Technologies, Erode served as the resource person for the session.

11) The Department of Computer Science and Engineering (CSE) organized **an intra-college technical symposium, DigiFest 2026**, on 24th March 2026, with the aim of enhancing students' technical knowledge, creativity, and innovative thinking. The symposium served as a dynamic platform for students to actively participate in various technical activities, showcase their skills, and engage in collaborative learning. With enthusiastic participation from students and effective coordination by faculty members and student organizers, DigiFest 2026 was successfully conducted, providing a valuable learning experience and fostering a strong technical culture within the department.

12) The Department of CSE organized **the International Conference on "Edge AI, Intelligent Analytics, and Smart Computing (ICEAISC'26)"** on 27th and 28th March 2026. Sivaramakrishnan Senthatty, Executive Vice President & Country Head – Japan, LTI Mindtree, graced the occasion as the Chief Guest and inaugurated the session.The conference featured Keynote 1 by Dr. Jobin Jose, Associate Professor, Department of CSE (Cyber Security), Indian Institute of Information Technology Kottayam, on the topic "Handling Unbalanced Datasets for Intrusion Detection Systems Using Deep Learning", held at C103 – New Seminar Hall.Keynote 2 was delivered by Dr. Nagentrau Muniandy from the School of Engineering, Faculty of Innovation.

13) The Department of CSE & Digiflash Student Association organized a **Guest Lecture on "Data Mining"** on 17.04.2026. **Krishnanunni G, Managing Director of Merqurius Avantage Global Private Limited, Palakkad**, served as the resource person. The session covered important topics such as data preprocessing, classification, clustering, and predictive analysis, along with their applications in healthcare, business intelligence, and social media. Students actively participated in the interactive session and clarified their doubts through discussions and practical examples.

14) The Department of CSE & Digiflash Student Association organized a **Valedictory Function and Seminar on "Recent Trends on IT"** on 05.05.2026. **S. Sakthiprasad, Senior Engineer/Full Stack Developer at Mahindra & Mahindra Limited, Coimbatore**, served as the resource person. The seminar focused on emerging technologies such as Artificial Intelligence, Machine Learning, Cloud Computing, Cybersecurity, and IoT. The session was interactive and informative, providing students with insights into current industry trends, real-world applications, and career opportunities in the IT sector.

Dear Professor,

On behalf of Pollachi Institute of Engineering and Technology, we express our heartfelt gratitude to Mr. K. Prabhu, Assistant Professor (SS), Department of Computer Science and Engineering, Dr. Mahalingam College of Engineering and Technology, Pollachi.

He delivered a seminar on "Explainable Artificial Intelligence" organized by the Department of Computer Science and Engineering on 11.02.2026 for our AI&DS and CSE students.

The program was highly informative and beneficial. Our students provided very positive feedback on the seminar. We sincerely thank him for taking his valuable time to share his expertise and knowledge with us.

We look forward to associating with him in our future endeavors.
